

Important Children's Party Information

- Minimum age 5 years old.
- Children aged 5 yrs: We can accommodate 8 max around our party table.
Children aged 6 yrs+: We can accommodate 12 max around our party table.
- As a guide we recommend 2 adults per 8 children. Max 4 adults per party please. Whilst we appreciate some parents would like to stay we unfortunately do not have the space. However, for our younger 5 year old children we understand that parents would prefer to stay and therefore we need to keep party numbers to a max of 8 for this age group.
- Minimum of 6 for the discounted party package otherwise our standard shelf prices apply.
- If you would like to bring along a birthday cake please note you are welcome to slice the cake and provide party bags for the children to take home, but no eating of birthday cake on the premises please.
- Whilst staff are always on hand to assist please note that adults must also be available to supervise the children at all times.
- Parties last 1 hour as standard. Older children (teenagers) can be booked in for longer if required.
- All items will be boxed up together unless requested otherwise.
Your party items will be ready for collection 1 week later.
- A deposit will be required upon booking.

THANK YOU!
